

NIGHT TRACKER PROGRAM

Track Your Progress with the Night Tracker

WHAT IS THE NIGHT TRACKER PROGRAM?

The Night Tracker Program is designed for schools, youth groups, clubs, neighborhood organizations, or any group of 8-to-18-year-old individuals who are looking for an easy and affordable way to ski or snowboard. Modeled after the Night Club Card, it offers skiing or riding during the 2019-2020 season, with similar benefits and identical pricing to the 2018-2019 Night Club Card. Night Tracker participants will receive a Night Tracker Card for each participant. Participants will present their card at any ticket window to receive a lift ticket valid Monday thru Saturday after 4 pm, and Sunday after 3 pm.

A Night Tracker Group is a group of skiing and snowboarding individuals represented by an advisor. Group members must sign up initially through an advisor, but may visit individually as many nights as they like at Liberty, Roundtop and Whitetail Resorts.

ADVISOR & CHAPERONE INFORMATION

The advisor is responsible for coordinating required online signup and payment for their entire group. Each advisor must enroll 15 or more participants, and in return earns a Night Tracker Advisor Card for themselves. An additional Night Tracker Advisor Card will be issued for each additional 15 participants. Advisors of groups with over 40 participants will receive a full Explorer Adult Peak Pass for every 40 participants, plus the Night Tracker Advisor Cards earned along the way. Chaperone tickets will be issued for scheduled group visits, at a ratio of 1 chaperone ticket for every 15 participants in the group, valid for the night of the scheduled group visit. Chaperone tickets are to be used by adults assisting in the organization, visitation, and on-resort programming of the group.

Any individual willing to fulfill the advisor responsibilities may start a Night Tracker Group. Advisors obtain all information from their group sales contact at their program’s home mountain (Liberty, Roundtop, or Whitetail).

Communication with the advisors continues throughout the season, keeping all advisors informed about what’s happening at the three resorts, and if there is any pressing news such as bad weather and/or resort closings. It is the ongoing responsibility of the advisor to pass along important information to their club.
